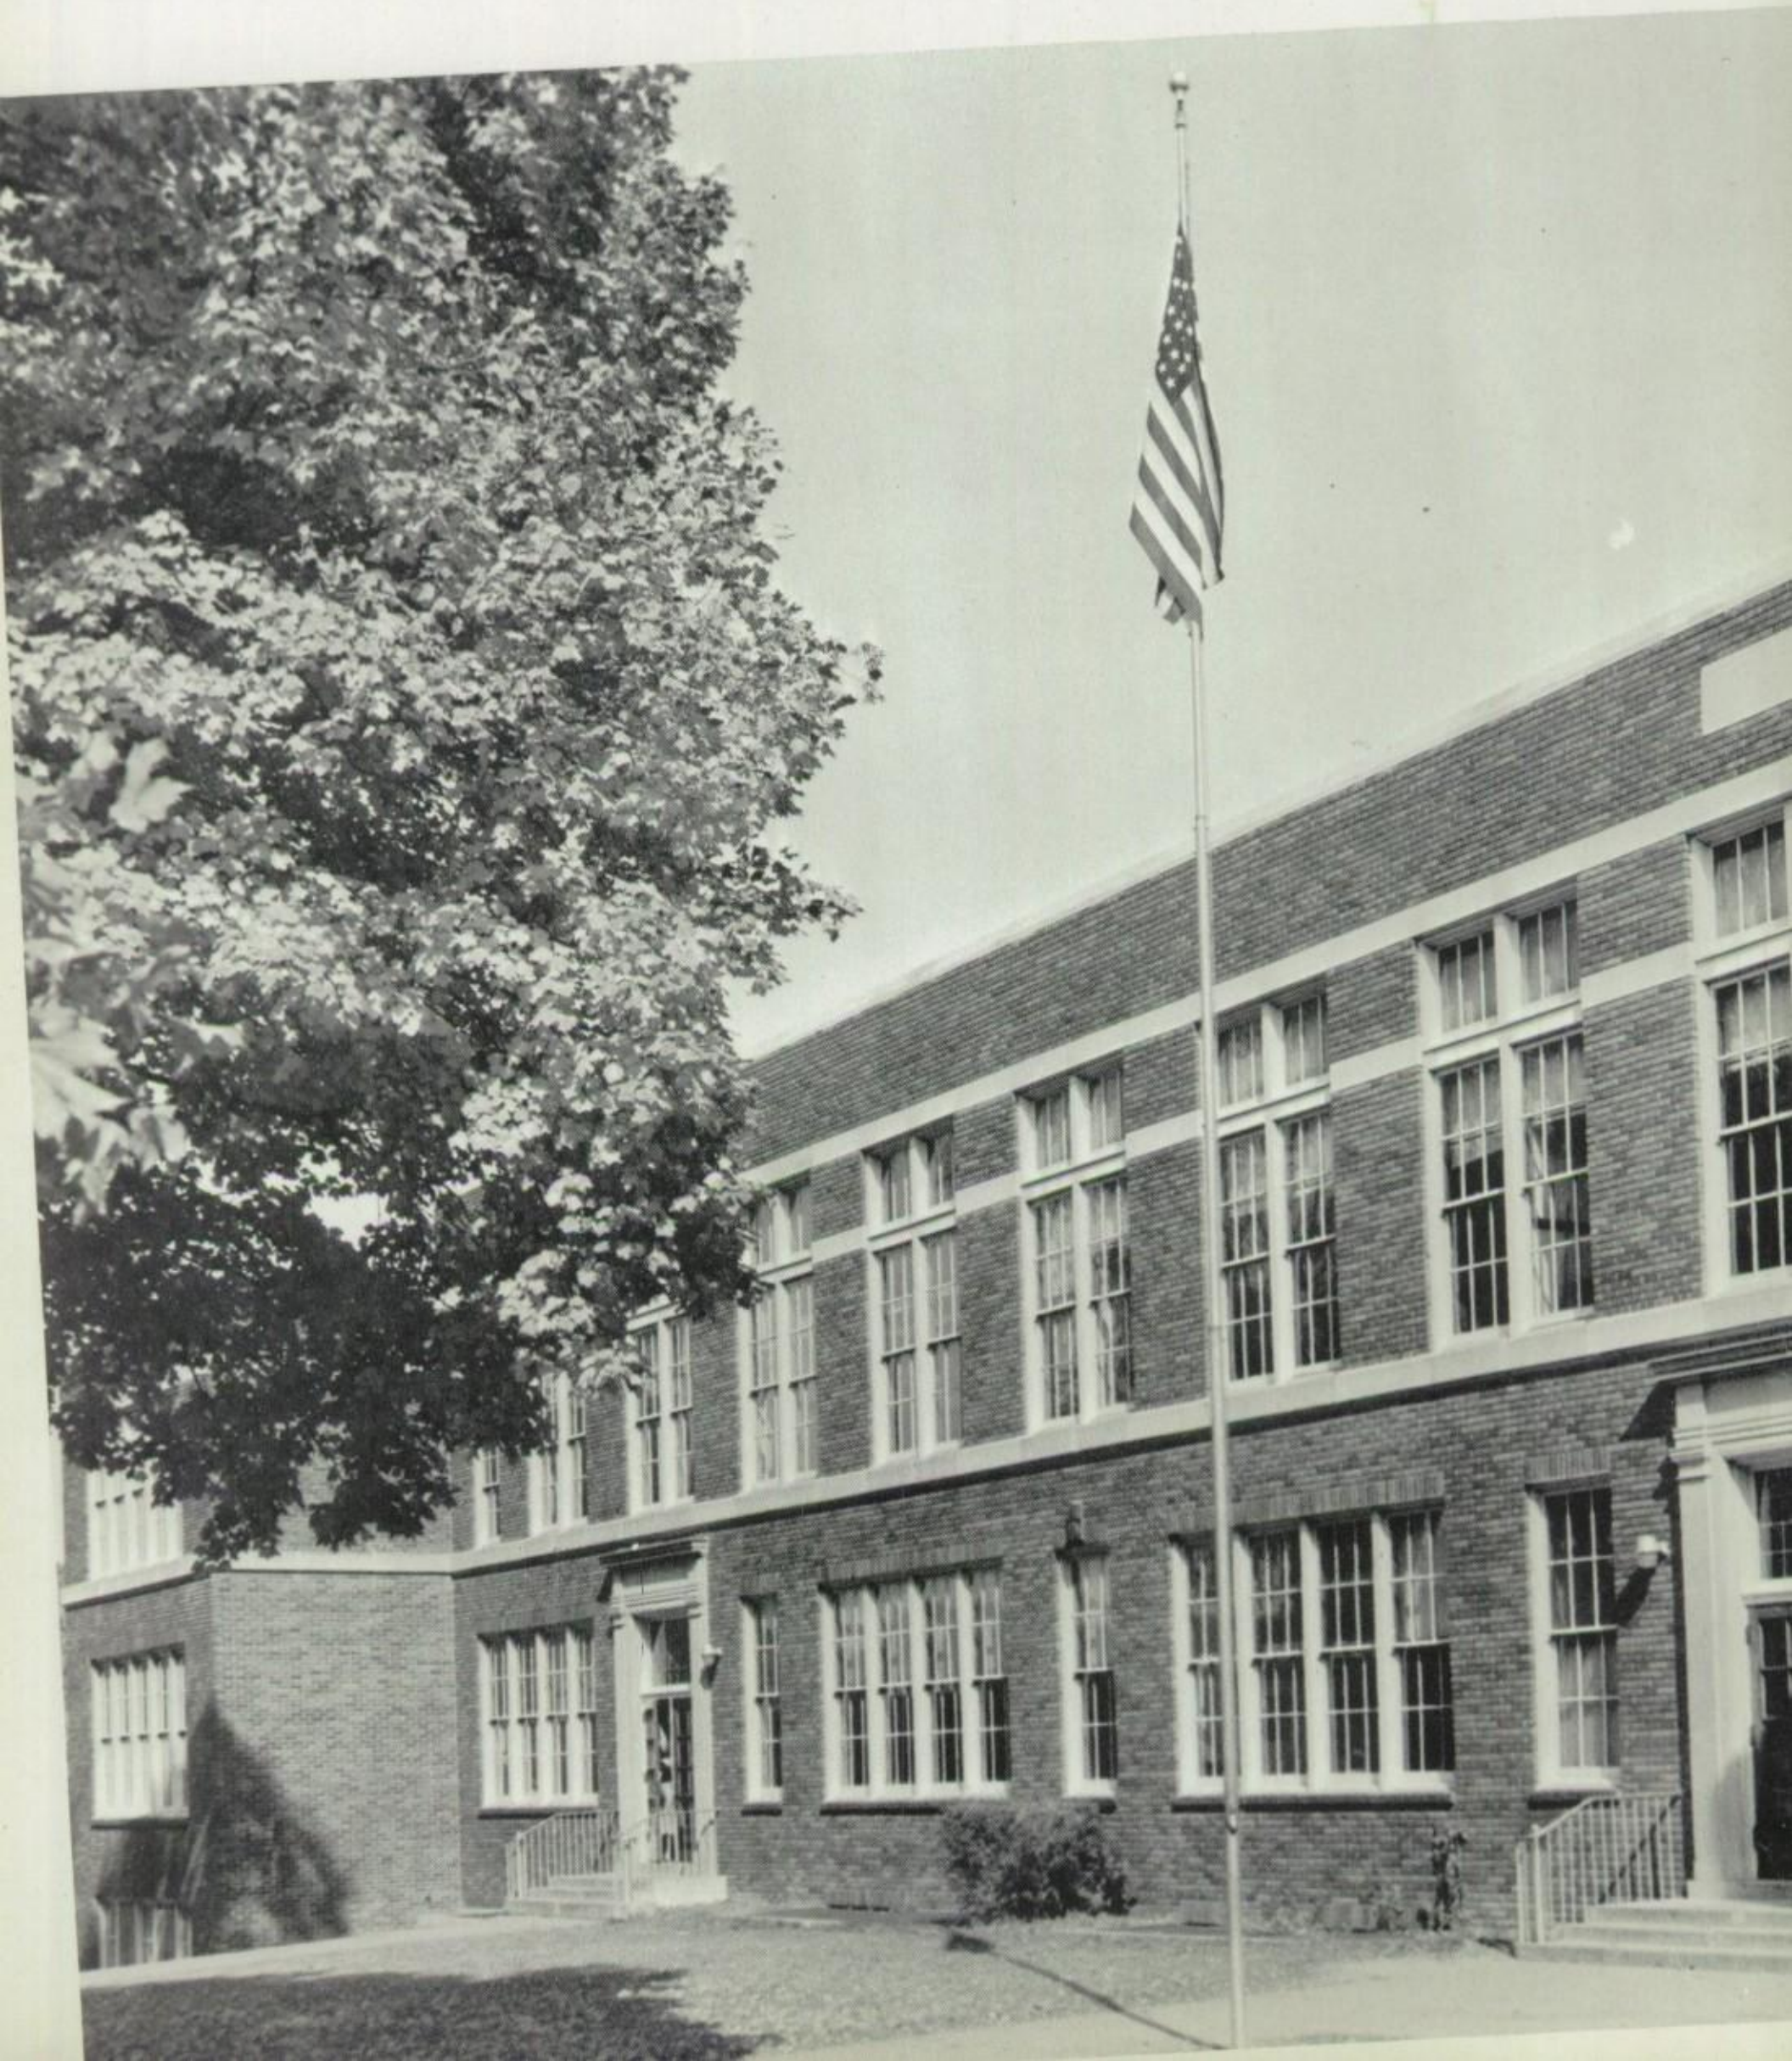
FOREWORD

In an effort to perpetuate the momentous experiences of the past year, we the annual staff, present to you the JAYETTE of '59. May it ever serve to brighten your future with memories of the past.



DEDICATION

We acknowledge that through the course of time, progress has played an important role in the achievement of growth. This is shown even in our local community where the expansion of our educational system has resulted in the replacement of the old by the new. We the citizens of the modern world are very likely to discard sentiment in favor of advancement and to forget the memories of the past which the old building represents to us.
Therefore it is fitting that we the senior class of 1959--the last class to graduate from the "Old School" do dedicate our yearbook, the "Jayette" of '59, to this establishment of learning.

TEN YEAR REUNION OF CLASS OF '59

It is 1969 and the little town of Preston, Minnesota, is buzzing with excitement trying to get ready to receive all the celebrities (the graduates of 1959) for their first class reunion in ten years.

The first to arrive is the famous concert soprano, Mary Sikkink, who has just finished a concert at Carnegie Hall. Accompanying her is her friend, Laurie Roelofs, who has just gained musical fame for her recording "The Bass Waltz."

Getting out of a new '69 Cadillac we see Roger Burgess whose voice is heard around the world--giving you your daily Ivory (99 44/100% pure) Soap Commercial. Behind him we see Dave Lichter, United States Senator, being chauffeured by Larry Watts who has vividly noticed the increase in the cost of living due to his growing family.

Quite a group has already assembled in the hall. Some of the girls are clustered around Gerry Alderman and Janet Rindels as they tell of their famous beauty salon in New York City. Also in the group is Marsha Ebert who has followed the example of one of her former teachers and has become a social worker in the Chicago slums, and Lois Gross who has just written a book entitled "Why Not to be an English Teacher."

But this group has its "intellects," too. Gene Bates, world-renowned author, has just finished another intriguing novel of the Old West. Reminiscing with Gene about old high school days is Richard Jeche who has just recently discovered the 103rd element, Jechiam.

Overheard in the conversation are JoAnn Means, Carolyn Hanson, and Shirley Schultz, Four-Star Generals in the Woman's Marine Corps, discussing some of their dangerous adventures.

Billy Berg, famous short-stop for the Milwaukee Braves, has just told of his homerun which won the 1968 Pennant. Listening interestedly is Ron Benson, famous sportscaster, who has just returned from covering the story of Buster Johnson, Flee-Weight Wrestling Champion of the World.

Linda Olson, Pat Pfremmer, and Lylia Drogemuller have formed a group of their own and are deeply engrossed in discussion of baby foods, diapers, etc. These girls already had their men when the rest of the girls in the class were thinking about jobs and college.

Donald Olson, famous artist whose work is compared with Michaelangelo's, has brought some of his work for exhibit. Critically observing his work is Roger Jones whose trained eye can detect flaws. Roger has gained fame as a noted art critic. Listening is Judy Hovelson, painter for U. of M. Medical Center.

Janice Befort, head of the Bell Telephone Company, is to be credited with contacting the other members of our class. Janice had a hard time contacting John Carlin, who is a well-known broadcaster on Radio Free Europe.

Seated on the far side of the room is Jerry Gartner, well-known construction engineer, who is discussing his future plans with his secretaries, Dianne Bestor and Eleanor Kinneberg.

We now see Terry Loucks, Fillmore County Auditor, going over the class records which were prepared by Jerry Pierce. Jerry is now United States Secretary of the Treasury.

Richard Wolfe, inventor of the car that doesn't need gas, is hilariously laughing at John Mulvihill, famous mortician, who has just made the statement that he makes money while other people go in the hole.

Eileen Prinsen is busily observing her classmates' behavior. As you know, Eileen is one of the top psychiatrists in the country. She found it interesting to talk to Doris Fossum and Annette O'Connor who have prepared monkeys for outer space.

Rhonda Theiss has taken time out from studying for her doctor's degree in education to come to the reunion. While Ardith VanderPlas has not been attending college, she has mastered the art of tightrope walking. Everyone is hoping that Kathyrn Woellert, famous dance instructor, will give us a demonstration in hula dancing.

We've noticed quite a change in the alumni in the last ten years. What will the next ten years bring?

Through class organization and spirit, the Juniors were able to produce the winning Homecoming float.

Speaking for the graduating class of '59, we would like to express our wish that your senior year be as full and memorable as ours was.

KING ROGER JONES

HOMECOMING ROYALTY: Roger Burgess, Mary Sikkink, Jerry Pierce, Eleanor Kinneberg, Buster Johnson, Roger Jones, Lois Gross, Dave Lichter, Janet Rindels, Judy Hovelson, Crown and Scepter Bearers-Randy Growden and Steve Gross.

The 1958 Homecoming Activities opened with the annual bonfire built by the Sophomore Class, and Snake Dance Thursday evening.

The preceding days had been spent in the competitive sport of float building. The parade of floats, royalty, and the Preston High School Band highlighted the afternoon of the "big day."

Everyone's hope was that our slogan "Give the Cyclones a Whirl" would come true. Although Caledonia's score outnumbered ours, the Bluejays played a hard, clean game for which we can be justifiably proud.

Lee Hall's Orchestra provided music for the dance following the game. The Senior Class sponsored the dance and decorated the high school gym. It proved to be a memorable occasion for all.

JUNIOR CLASS — WINNING FLOAT

SENIOR CLASS — "RUNNER-UP"

The Grand March, led by Junior Class President Dave Lichter and Senior Class President Lud Gartner, was the major event of the evening. This gave everyone an excellent opportunity to see what "so-and so" was wearing.

PROM OF 1958

As our vigilant parents watched from the bleachers, we danced in the atmosphere of "Evening in Venice" which provided a romantic setting.

Prom Waiters and Waitresses chosen by the Junior Class; PICTURED: G. Wubbels, D. Schmidt, S. Nelson, J. Larsen. NOT PICTURED: P. Ebert, R. Roelofs, R. Rindels, M. Miller.

Compliments of Mrs. Barth

The music of Johnny Roberts provided an enjoyable evening for all.

"Evening in Venice" provided the theme for the '58 Prom. The gym was decorated in modern color combinations of violets and blues.

And carefree days are lost to mundane things-

Pick up your yearbook and leaf it through,
And remember the days so dear to you."
